GOVERNMENT LAUNCHES NEW CORONAVIRUS BUSINESS SUPPORT FINDER TOOL

The Government has launched a new 'support finder' tool will help businesses and self-employed people across the UK to quickly and easily determine what financial support is available to them during the coronavirus pandemic.

The Support finder contains a new online platform helps businesses easily access the financial support they are eligible for during the coronavirus pandemic and a simple questionnaire takes business owners a few minutes to complete and will signpost them to relevant government financial support.
